DIMAS PRAKOSO
dimas.prakoso@example.com | Jakarta

SUMMARY
Backend developer with 5 years of Python experience on logistics and booking platforms.

EXPERIENCE
Backend Developer - TiketGo (2021 - present)
- Built REST APIs with FastAPI for flight and hotel search.
- Stored bookings in PostgreSQL and cached search results in Redis.
- Containerised services with Docker and deployed them to Amazon EKS on AWS.
- Used AWS Lambda and SQS for asynchronous email and notification jobs.

EDUCATION
BSc Computer Engineering - Universitas Brawijaya, 2021

SKILLS
Python, FastAPI, PostgreSQL, Redis, Docker, Kubernetes, AWS (EKS, Lambda, SQS)
