MELATI ANGGRAENI
melati.anggraeni@example.com | Depok

SUMMARY
Junior backend developer with 1.5 years of Python experience, eager to grow.

EXPERIENCE
Junior Backend Developer - SehatApp (May 2025 - present)
- Built REST API endpoints with FastAPI for appointment booking.
- Wrote PostgreSQL queries and Alembic migrations.
- Dockerised the service for local development.
- Set up a GitHub Actions pipeline that runs pytest and linting on pull requests.

Software Engineering Intern - SehatApp (Sep 2024 - Feb 2025)
- Fixed bugs and wrote pytest tests for the patient API.

EDUCATION
BSc Computer Science - Universitas Indonesia, 2024

SKILLS
Python, FastAPI, PostgreSQL, Docker, GitHub Actions, pytest
