Bandung

SKILLS
Kotlin, Java
Jetpack Compose
Jetpack DataStore
Retrofit
Bitrise CI/CD
JUnit, Espresso

EDUCATION
BSc Informatics
Universitas Telkom, 2022

SUMMARY
Android developer with 4 years of experience shipping consumer apps to the Play Store.

EXPERIENCE
Android Developer - DompetKu (2022 - present)
Built the wallet app in Kotlin with Jetpack Compose. Connected the app to backend services with Retrofit and stored user settings with Jetpack DataStore. Set up Bitrise CI/CD pipelines that build, test and publish beta releases. Wrote JUnit unit tests and Espresso UI tests.

Mobile Developer Intern - Kampus Apps (2021)
Built a campus event app in Java.
