PUTU ARDANA
putu.ardana@example.com | Denpasar

SUMMARY
DevOps engineer with 6 years of experience running cloud infrastructure for travel platforms.

EXPERIENCE
Senior DevOps Engineer - Bali Travel Group (2022 - present)
- Run Kubernetes clusters on AWS and GCP, provisioned with Terraform.
- Build CI/CD pipelines in GitLab CI and Argo CD for 40 services.
- Administer PostgreSQL and MySQL databases: backups, replication and upgrades.
- Write Bash and Terraform for automation; occasional small Python scripts.

System Engineer - Hotel Nusa Dua (2020 - 2022)
- Migrated on-premise servers to Docker containers.

EDUCATION
BSc Computer Science - Universitas Udayana, 2020

SKILLS
Docker, Kubernetes, Terraform, AWS, GCP, GitLab CI, Argo CD, PostgreSQL, MySQL, Bash, Prometheus, Grafana
