FARAH NABILA
farah.nabila@example.com
Cilegon

SKILLS
SolidWorks, AutoCAD
ANSYS (FEA)
MATLAB
Preventive maintenance
Root cause analysis

EDUCATION
BEng Mechanical Engineering
Institut Teknologi Sepuluh
Nopember, 2020

SUMMARY
Mechanical engineer with 6 years of experience in plant maintenance and equipment design.

EXPERIENCE
Maintenance Engineer - PT Kimia Cilegon (2022 - present)
Plan preventive maintenance for pumps and compressors. Cut unplanned downtime by 25% with vibration monitoring. Lead root cause analysis for equipment failures.

Design Engineer - PT Mesin Nusantara (2020 - 2022)
Designed conveyor parts in SolidWorks and checked stresses with ANSYS. Wrote MATLAB scripts for load calculations.
