RAFAEL GUNAWAN
rafael.g@example.com
Surabaya

TECHNICAL SKILLS

Python
Flask
PostgreSQL
Docker
Microsoft Azure
Jenkins

EDUCATION

Bachelor of Engineering, Software Engineering
Institut Teknologi Sepuluh Nopember, 2018

WORK HISTORY

Backend Developer - Logistik Nusantara Digital (2021 - 2024)
Developed Python services in Flask that power warehouse management. Designed REST APIs consumed by the mobile app. Maintained PostgreSQL databases with 200 tables. Set up Jenkins CI/CD pipelines that build Docker images and deploy them to Microsoft Azure.

Junior Python Developer - Studio Kode (2018 - 2020)
Wrote Python scripts and small Flask web apps for clients. Worked with PostgreSQL and MySQL.
